

■■ NOTICE — AI-GENERATED ASSESSMENT: This report contains automated multi-camera computer vision detections and probabilistic sensor fusion analytics. It serves as actionable intelligence for municipal traffic authorities and does not represent legally binding court determinations.

1. INCIDENT OVERVIEW

Incident ID:	INC-2048	Module:	Multimodal
Incident Type:	Possible Hit-and-Run	Current Status:	Under Review
Severity:	Critical	AI Confidence:	87%
Location:	Anna Salai, near Thousand Lights	Coordinates:	13.06040, 80.24960
Detected At:	2026-08-30 10:42:18 AM	Waterlogged Prob:	N/A

2. AI EVENT RECONSTRUCTION

Synthesized Narrative:

AI Assessment [Probabilistic Sensor Fusion]: Vehicle A (Silver Sedan, Plate: TN 09 BX 4412) approached Vehicle B (Black SUV) at 10:42:21. Sudden lateral trajectory shift and proximity threshold violation detected at 10:42:23. Vehicle B came to a complete halt while Vehicle A accelerated and exited camera field of view at 10:42:31 without stopping. High probability of non-stop collision (Hit-and-Run pattern flagged).

3. VEHICLE INTELLIGENCE & OCR EXTRACTION

Vehicle ID	Type & Color	License Plate (OCR)	Plate Conf.	Speed / Direction
Vehicle A	Car (Silver)	TN 09 BX 4412	91%	48 km/h • Northbound
Vehicle B	Suv (Black)	TN 07 CP 8821	88%	0 km/h • Northbound

4. CHRONOLOGICAL EVIDENCE TIMELINE

Time	Event Type	Description / Observations	Source
10:42:18 AM	Vehicle Enters Frame	Vehicle A (Silver Sedan, TN 09 BX 4412) enters camera frame traveling at 48 km/h.	AI Engine
10:42:21 AM	Proximity Alert	Vehicle B (Black SUV) approaches adjacent lane. Separation distance decreases rapidly.	AI Engine
10:42:23 AM	Collision Detected	Possible collision detected between Vehicle A and Vehicle B. Angular anomaly flagged.	AI Engine
10:42:25 AM	Vehicle Stops	Vehicle B comes to complete stop in Lane 1.	AI Engine
10:42:31 AM	Vehicle Leaves Scene	Vehicle A departs scene rapidly at 54 km/h without stopping. Hit-and-run intelligence flagged.	AI Engine

5. ACTION DISPATCH & RESPONSE

Action Code	Assigned Unit	Priority	Status	ETA
ACT-2048	Chennai Traffic Police Interceptor Unit 4	Critical	In Progress	12 mins

6. KEY EVIDENCE VISUAL FRAME

Evidence Snapshot: Vehicle A enters frame (Anna Salai, Northbound) (Camera: CAM-042)
